

## **TOPS Lab Research Presented at 2009 ITE Annual Meeting**

The 2009 ITE Annual Meeting and Exhibit was held on August 9-12, 2009 in San Antonio, TX. TOPS research was presented and well received at the Meeting.

TOPS research was presented in the following sessions:

- Safety Tools and Resources
  - Ghazan Khan, Kelvin Santiago and David Noyce: Using GIS and Spatial Statistics to Study Crash and Weather Patterns
  - Kelvin Santiago, Ghazan Khan and David Noyce: An Open-source Framework for an Electronic Crash Reporting System Based on MMUCC
- Road Departure Issues and Countermeasures I
  - Cesar Martinez, David Noyce and Madhav Chitturi: Clear Zone Policy and Run-off-road Crashes

TOPS Lab Director, David Noyce led the roundtable discussion session Flashing Yellow Arrow for Left Turns: Why to do it and how to do it?
