WisDOT Traffic Safety Engineering Workgroup (TSEWG) Meeting

Thursday April 5, 2006
9:30 AM – 3:30 PM
DOT Room HF501 (Eau Claire Room)
Madison, Wisconsin

AGENDA

9:30 – 9:35  1. Welcome/Self Introduction (All)

John Shaw will introduce a couple of safety analysis tools being used by SE region. In conjunction with the undergoing effort to evaluate the Safety Analyst as a departmental alternative safety analysis tool, John will facilitate the discussion about regional perspectives regarding these tools.

10:35 – 10:45  Break

10:45 – 11:25  3. RSA Master Contract (David Kreitzmann)

BHO recently issued two Road Safety Assessment master contracts with Opus Associates and SRF who will assist WisDOT with road safety audits and assessments. A discussion is needed for the best use of consultant service for regions.

11:25 – 12:00  4. SHSP Safety Engineering Issues Progress Update (Xiao Qin)

A regular update of the WisDOT SHSP safety engineering issues is scheduled for each TSEWG meeting where regional traffic engineers will report on the activities from each region. The update will help WisDOT to review the progress and identify the knowledge development, gaps, and resources for a better plan implementation.

12:00 – 1:00 PM Lunch

1:00 – 1:35 PM  5. TGM Policy 3-2-17 for Maintaining Crosswalks (Chris Quesnell)

Chris will lead a discussion of TGM policy for the crosswalk maintenance.

1:35 – 2:00 PM  6. HSIP Evaluation and 5% Report (Xiao Qin and Brad Javenkoski)

Thanks to the support from the regions, useful information has been collected for evaluating FFY03&04 HES projects. A brief review of the data collection is provided. Also, regional traffic engineers may want to address issues and questions regarding the new 5% report which will be released on March 15th.

2:00 – 3:00 PM  7. HSIP Project Prioritization Plan (Chuck Thiede)

A copy of the draft HSIP guidelines is being circulated inside WisDOT for review. Chuck Thiede will brief the highlights of the guidelines with a focus on project prioritization.

3:00 – 3:30 PM  8. Members Report (All)
